DEVELOPMENT SCENARIO

General

Azad Jammu and Kashmir lies between longitude 73° - 75° and latitude of 33° - 36° and comprises of an area of 5134 Square Miles (13297 Square Kilometers).

The topography of the area is mainly hilly and mountainous with valleys and stretches of plains. Azad Kashmir is bestowed with natural beauty having thick forests, fast flowing rivers and winding streams, main rivers are Jehlum, Neelum and Poonch. The climate is sub-tropical highland type with an average yearly rainfall of 1300 mm. The elevation from sea level ranges from 360 meters in the south to 6325 meters in the north. The snow line in winter is around 1200 meters above sea level while in summer, it rises to 3300 meters.

According to the 1998 population census the state of Azad Jammu & Kashmir had a population of 2.973 million, which is estimated to have grown to 3.868 million in 2009. Almost 100% population comprises of Muslims. The Rural: urban population ratio is 88:12. The population density is 291 persons per Sq. Km. Literacy rate which was 55% in 1998 census has now raised to 64%. Approximately the infant mortality rate is 56 per 1000 live births, whereas the immunization rate for the children under 5 years of age is more than 95%.

The majority of the rural population depends on forestry, livestock, agriculture and non-formal employment to eke out its subsistence. Average per capita income has been estimated to be 1042 US\$*. Unemployment ranges from 6.0 to 6.5%. In line with the National trends, indicators of social sector particularly health and population have not shown much proficiency. Efforts have been made during the recent past to make up this deficiency so that the fruits of development can be brought to the door steps of common men.

Area under cultivation is around 192041 hectares, which is almost 13% of the total Geographical area out of which 92% of the cultivable area is rain-fed. About 86% households have very small land holdings between one to two acres. Major crops are Maize, Wheat & Rice whereas minor crops are Grams, Pulses (red kidney beans), Vegetables and Oil-seeds. Major fruits produced in AJK are Apple, Pears, Apricot and Walnuts. Agriculture and livestock income ranges between 30-40% of household earnings. The remaining share comes from other sources including employment, businesses and remittances received by the families of Kashmiries living abroad working abroad. Reduced agriculture productivity has adversely affected the traditional lifestyle and per capita income of the rural households.

About 42.6% of the total Geographical area (0.567 million hectares), is controlled by the Forests Department. The per capita standing volume is 330 Cft and per capita forest area is 0.38 Acre. Annual wood demand is 1.65 million cubic meters and sustainable production is 1.94 million cubic meters. The local communities have traditional rights in terms of use of the forests and on an average three trees are burnt by one household every year for the fuel-wood requirements in the absence of alternate sources. Similarly about 5 trees on average are required to construct a house for which the wood roofs have to be replaced after every 8-10 years.

Government

Azad Kashmir has a parliamentary form of Government. The President of Azad Jammu and Kashmir is the Constitutional Head of the State, while the Prime Minister, supported by a council of Ministers, is the Chief Executive. Azad Kashmir has its own legislative assembly comprising 41 directly and 8 indirectly elected members, a member each from Technocrats, Mashaikhs, Overseas Kashmiris and 5 female members. The AJ&K has its institutions of Supreme Court and High Court.

Administration

Azad Kashmir is divided into three divisions (Muzaffarabad, Mirpur & Poonch) and Ten administrative districts with Muzaffarabad as the capital of the state. The Muzaffarabad Division comprises of Muzaffarabad, Hattian and Neelum, Rawalakot Division comprises of Bagh, Haveli, Poonch & Sudhnuti districts whereas districts of Mirpur Division are Mirpur, Kotli & Bhimber. These eight districts are further divided into 29 subdivisions. The people's participation in the political and socio economic development is ensured through the elected institutions of The AJK Legislative Assembly comprising 41 directly and 8 indirectly elected members and The AJK Council with six elected members.

Economic development

In 1947, at the time of partition, the economy in Azad Jammu and Kashmir was on subsistence level but the determination to develop the area was there. It was in early 60's when economic development of the area started in earnest. Despite financial constraints, successive Governments made good efforts in laying down a proper path for the development of the area.

PHYSICAL INFRASTRUCTURE

2 ROADS: Roads and air transport are the only mode of transportation in Azad Jammu and Kashmir. The present road length and its comparison with the position in 1947 is given below: -

ROAD LENGTH (KMs)

	1947	2009
Metalled	100	6382.12
Fair-weather	165	6197
Total	265	11591.12
Road Density	0.33	0.48

AIRPORTS

The Government of Azad Jammu and Kashmir in collaboration with the Civil Aviation Authority of Pakistan has constructed two small airports in Muzaffarabad and Rawalakot cities in order to provide easy and fast mode of travel (Flights presently suspended).

POWER

At present, the installed Grid capacity is 426.30 MVA. About 23440 km transmission lines have been extended to 1629 villages out of a total of 1654 villages and about 3242967 consumers have been provided with electricity supply. The per capita electricity consumption is 315 KWH and within next three years 100% population of AJK is planned to be provided with power connections. The Government lays great emphasis on generating electricity in order to meet the growing domestic as well as industrial requirements. It has been planned to launch a comprehensive programme for constructing Hydro power stations to exploit this vast potential.

PIPED WATER SUPPLY

At the time of independence, availability of piped water supply was non-existent but significant progress has now been made in this regard. Presently 76.8% of the urban population and 36% of rural population has been provided with a piped water supply through house connections and public stand posts.

SOCIAL INFRASTRUCTURE

Health Facilities

Health coverage in Azad Jammu & Kashmir is still inadequate. There are approximately 2249 hospital beds available in the area averaging one bed per 1734 people. The total number of doctors, including administrative doctors, health managers & dentists is 781 out of which there are 450 medical officers, 67 dental surgeons, 212 specialists and 52 health managers giving an average of 0.202 per 1000 population in respect of doctors, 0.116 Per 1000 Population in respect of medical officers, 0.017 per 1000 Population in respect of dentists, 0.054 per 1000 Pop. in respect of specialists and 0.013 per 1000 pop. in respect of health managers, whereas only 30 hospital beds & 11 dispensaries were available in the area at the time of independence.

Education

Education has been a priority of the Govt. of Azad Jammu & Kashmir as about 26% of its total recurring budget besides 8 % of the total development budget is allocated to this sector. As a result of this substantial investment, AJ&K's literacy rate is well 64% which is significantly higher than the national average of Pakistan. At present the gross enrolment rate* at primary level is 95% for boys and 88% for girls (between the age of 5-9).

* Including the enrolment in private schools.

Investment Opportunities in Azad Kashmir

The state of Azad Jammu & Kashmir by virtue of its topography, meteorology, hydrology & administrative setup provides huge opportunities of investment in various sectors. Keeping in view the investment potential in AJK the Government is encouraging investment in the following sectors.

Industrial Investment

The Government has adopted the Industrial policy of Federal Govt. according to which all types of industries are allowed to be established in the territory of AJK except Arms & Ammunition, Security printing, Explosive material and Radioactive material.

In order to accelerate the pace of development the department of Industries has established 6 Industrial Estates in various districts of Azad Kashmir with basic infrastructure like roads, water supply, and sewerage system and telephone & electricity facilities. The number of medium & large scale Industries which have already been established in different districts of Azad Kashmir is 1465.

In view of the localized requirement of AJK, there is huge potential for Industries like Food, Hydro power generation, Ready made garments, Furniture and Plastic products in the area. In order to boost the Industrial Production in AJK, the Govt. is providing incentives to the industrialists including concession in different taxes and providing the energy on cheaper rates for first five years to run the Industries. It will be advisable that detailed feasibility of Industrial products must be carried out for making final decisions of investment.

Development of Cottage Industry and Kashmiri Handicrafts.

There are many investment opportunities in traditional handicrafts of Kashmir. Azad Kashmir Small Industries Corporation (AKSIC) established in 1992, is an official body committed to promote the development of handicrafts and in turn the economic betterment of the working handicraftsmen. AKSIC objective is to educate and assist the working craftsmen to set up and run their business properly. Equipped with God gifted resources and manned with requisite expertise, the AKSIC is committed to honor the buyers' demands, preferences and requirements.

Mineral Resources.

The Geological environment of AJK comprises generally 3 types of rocks i.e. Sedimentary, Igneous and Metamorphic. The Industrial minerals and base metals are found in all of 3 rocks spreading all over the AJK territory. In AJK mineral exploration activities started in 1973 by AKMIDC, a state owned corporation and emphasis was laid on assessment of potential economic deposits and an analysis of value of the different minerals discovered in the area so far amount to 137.915 million tons.

Hydro Power Generation

Up to 1973-74 electricity facility was available to few villages of District Muzaffarabad & Mirpur. In 1973-74, a phased program was planned to provide electricity to urban & rural population, which is being continued. Under this program, several schemes have been implemented through which electricity distribution network has been expanded up to 98% population of rural areas of AJ&K. Approximately **465794** consumers have been provided service connections under this program.

AJ&K has a potential of generation of 5000 MW of electricity using its natural resources. The Hydro Power projects in AJK under implementation are:-
