2. LOADING, UNLOADING AND STACKING

2.1.1 SCOPE

Scope of work shall include the loading into trucks from specified sites or stockpiles (or unloading as the case may be) as provided in the Contract Agreement and approved by the Engineer-in-Charge.

2.1.2 REQUIREMENTS

- a) The Contractor shall furnish, install, operate and maintain all necessary facilities for loading/unloading trucks.
- b) The Contractor shall perform all loading/unloading operations in a systematic manner without breakages or segregation as determined by the Engineer-in-Charge and that the cement bags and such other materials do not catch moisture and will not be contaminated with soil or other foreign material. Contractor shall load trucks in which materials are to be transported in such a manner as to avoid loss in transit and shall be responsible for and make good any loss of materials lost in transit due to improper loading of mobile trucks and other handling operations. The materials carted shall be properly stacked as specified or directed by the Engineer-in-Charge.

2.1.3 MEASUREMENT AND PAYMENT

Measurement and payment for loading/unloading into trucks and stacking shall be made corresponding to CSR item as provided in the Contract Agreement and shall constitute full compensation for performance and completion of work in all respect as specified and approved by the Engineer-in-Charge.

2.1.3.1 QUANTIFICATION

The unit of measurement shall be measured as mentioned below in accordance with corresponding CSR items.

1. For Volumetric items, the unit of measurement shall be cubic meter or cubic foot. Following items of CSR shall be measured according to this criteria;
Item No.: 2-1, 2-12, 2-13, 2-15(a & d), 2-19 and 2-20
2. For bulk items, the quantity of work shall be measured in Weight unit i.e. Tonne or Tons. Following items of CSR are measured according to this criteria;
Item No.: 2-6, 2-9, 2-11, 2-14(c), 2-15(c), 2-16, 2-17, 2-18, 2-21 and 2-22
3. The following Item of CSR shall be measured as Weight units i.e. %Kg or Cwt.;
Item No.: 2-5 and 2-10
4. The following items of CSR shall be measured as Each;
Item No.: 2-7 and 2-8
5. The following items of CSR shall be measured per 1000 Litre or % age Gallon;
Item No.: 2-14(a & b)
6. The following item of CSR shall be measured Per Thousand Numbers;
Item No.: 2-2
7. The following items shall be measured Per Hundred Numbers;
Item No.: 2-3, 2-4 and 2-14(d & e)
